

Environment Act Licence

Manitoba
Environment

Licence No. 1325
Issue Date NOVEMBER 15, 1989

In accordance with the Manitoba Environment Act (C.C.S.M. c. E125)

THIS LICENCE IS ISSUED TO:

MANITOBA HYDRO; APPLICANT

The following terms and conditions shall be complied with in connection with the construction of an all weather access road from Sundance, Manitoba to the site of the future Conawapa Generating Station on the Lower Nelson River:

1. The Applicant shall construct the Conawapa Access Road in accordance with the Environmental Impact Assessment and Mitigation Procedures and General Recommendations specified in the Conawapa Access Road Environmental Impact Assessment Report, dated August 1989.
2. The Applicant shall work with the Fisheries Branch and the local Natural Resources Officer to develop facilities to enable upstream fish passage at the entrances of the culverts at the stream crossings where Brook Trout may be present.
3. The Applicant shall receive Natural Resources Work Permit approval from the local Natural Resources Officer regarding any required modifications to the proposed designs, structures, or construction activities.
4. The Applicant shall flag riparian buffer zones as determined through consultation between the Applicant, the local Natural Resources Officer, and the Applicant's Contractors. All clearing and construction activities along the right-of-way shall be carried out as specified in Natural Resources Work Permits.
5. The Applicant shall dispose of merchantable timber as specified in Natural Resources Work Permits.
