Re: Transfer of Permits: An Amendment to my Letter of March 26, 1996

Dear Mr. Peterson:

Domtar Inc. has agreed to sell to Georgia-Pacific Corporation all of its Canadian Gypsum business. This Agreement was signed in November 1995, but the closing of the transaction required the approval of the U.S. Department of Justice (Antitrust Division) which affected the U.S. part of the transaction.

We have just been advised by Georgia-Pacific that an agreement in principle has been reached with the Department of Justice and the Closing will take place by April 15, 1996.

Georgia-Pacific Corporation will carry on business under the name Georgia-Pacific Canada Inc.

Therefore, please be advised that all environmental permits issued to our facility located at:

1405 Sargent Avenue
Winnipeg, Manitoba
Canada R3E 0G6

Contact: Kurt Ising, Plant Manager
Phone No.: 204-784-2420
Fax No.: 204-772-0730

need to be transferred to Georgia-Pacific Canada Inc. A title change is requested. Please advise us on any permit transfer requirements you may have. I can be contacted at 313-930-4778.

Yours very truly,

Hosep Torossian
Director, Environmental, Health & Safety
