Dear Mr. Pinette:

Re: 3M Canada – Notice of Alteration

Thank you for the Notice of Alteration (NoA) submitted on June 16, 2016 that requests the installation of an exhaust system at the 3M Canada Morden manufacturing facility. The new exhaust system will redirect triple filtered air that was formerly recirculated into the building from the DD2 pneuveyor unit to the outdoors. It is understood that the unit will be moved closer to the wall-installed exhaust system.

Upon review of your alteration request, I have concluded that the environmental effects of the proposed alteration will be insignificant; therefore, in accordance with Section 14(2) of *The Environment Act*, you are hereby authorized to carry out the proposed alteration as described in the June 16, 2016 Notice of Alteration.

If you have any questions regarding this matter, please contact Mr. Eshetu Beshada of this office at (204) 945-7023.

Yours sincerely,
