Dear Barry Blue:

Re: Waste Connections of Canada Inc. - Notice of Alteration Approval for Landfill Height Adjustment in Phase 1 - Environment Act Licence No. 2177 E R5

Thank you for your Notice of Alteration (NoA) request dated April 26, 2021 relative to a request for alteration to Environment Act Licence No. 2177 E R5, originally issued for the construction and operation of the Development being an Integrated Waste Management Facility, to be located on N1/2 of 11 and 14-12-2 EPM in the Rural Municipality of Rosser.

The intent of the NoA request is to increase the peak elevation of the Phase 1 landfill from 260.4 metres above sea level to 287.58 metres above sea level as proposed in the January 27, 2021 final report, "Prairie Green Integrated Waste Management Facility- Landfill Height Adjustment", submitted to Waste Connections of Canada Inc. by Golder Associates Ltd.

Upon review of the NoA, I am satisfied that the environmental effects that would result from the proposed alteration will be insignificant. Therefore, in accordance with Section 14(2) of The Environment Act, I hereby authorize implementation of the NoA request dated April 26, 2021.

All clauses in Environment Act Licence No. 2177 E R5 remain in effect.

If you have any questions concerning this approval, please contact Edwin Yazon, Environmental Engineer, Environmental Approvals Branch, at Edwin.Yazon@gov.mb.ca or 431-335-2554.

If you have any questions regarding the ongoing administration of the licence, please contact Nada Suresh, Acting Regional Supervisor, Environmental Compliance and Enforcement Branch, at Nada.Suresh@gov.mb.ca or 204-945-8214.

Sincerely,
Original Signed by
