

Notice of Environment Act Proposal

Manitoba Sustainable Development has received a proposal pursuant to *The Environment Act* regarding the following operation and invites public participation in the review process:

RURAL MUNICIPALITY OF ST. ANDREWS PETERSFIELD WASTEWATER TREATMENT LAGOON EXPANSION – FILE: 4138.10

A proposal has been filed by Stantec Consulting Ltd. on behalf of the Rural Municipality of St. Andrews for the expansion of the existing wastewater treatment lagoon in SW 36-15-4E, which is located one kilometer north and three kilometers east of Petersfield. The facility treats truck hauled wastewater, and would be expanded with the addition of two new primary cells, to be located immediately north and south of the existing cells. Treated effluent would continue to be discharged between June 15 and October 31 through a constructed wetland and south through wetland areas to Netley Creek, which flows to Netley Lake. Construction of the expansion would take place once licensing requirements were met and funding was in place.

Anyone likely to be affected by the above operation and who wishes to make a representation either for or against the proposal should contact the Department, in writing or by E-mail (bruce.webb@gov.mb.ca), not later than SEPTEMBER 19, 2016. Further information is available from the Public Registries located at: Legislative Library, 200 Vaughan St., Winnipeg; Millennium Public Library, 4th Floor, 251 Donald St., Winnipeg; Online Registry: <http://www.gov.mb.ca/conservation/eal/registries/index.html> or by contacting Bruce Webb, Environmental Engineer.

Information submitted in response to this proposal is considered public information and will be made available to the proponent and placed on the public registry established in accordance with Section 17 of *The Environment Act*.
