Dear Taylor Kirouac:

Re: Standard Aero Ltd. – Plant 3 - Notice of Alteration

Thank you for the Notice of Alteration dated February 10, 2020 and additional information provided on March 26, 2020 in which you proposed the following alteration for the Plant 3 - Standard Aero operation at 33 Allen Dyne Road:

1. Replacement of a smaller booth with a larger size with additional dust collection system.
2. Installation of a new spray booth for robotic plasma spray with its own dust collection.

Upon review of your alteration request, I have concluded that the environmental effects of the proposed alteration will be insignificant, and, therefore, in accordance with Section 14(2) of The Environment Act your alteration is approved as described in the February 10, 2020 Notice of Alteration.
