Re: Proposed amendment to DGHTA license No. 301HW to include Household Hazardous waste collection at the site of the Waste Transfer Station in the RM of St. Francois Xavier.

The RM of St. Francois Xavier is operating a used oil collection site and is requesting an amendment the license to include the operation of a Paint and Light Hazardous Waste collection depot at the Transfer Station located at the corner of Rosser Road and Two Mile Road. See attached illustrated on the accompanying map.

The collection site will operate in accordance with the Product Care Association (PCA) Manitoba Household Hazardous Waste Stewardship Program and the Manitoba Product Care Collection Site Guidelines and regulations. The site will handle household hazardous waste falling into the Transportation of Dangerous Goods Act Classes 2.1, 3 and 9. The estimated quantity for each of these is included on the attached Hazardous Waste Generator Registration Form.

Should you have any questions or require additional information, please feel free to contact the undersigned.

Yours truly,

Lynne Chapellaz-Krantz, C.M.M.A.
Acting Chief Administrative Officer
