Dear Mr. Smith:

Re: Univar Canada Ltd – Notice of Alteration to Licence 3213

Thank you for the notice of alteration dated September 25, 2019 and amended November 15, 2019 in which you requested an approval to install two additional bulk storage tanks over the next two years at your facility located at 99 Lowson Crescent in Winnipeg, Manitoba. The addition increases the capacity by about 240,000 litres with no change to the types of chemicals handled at the facility. It is understood that the new tanks will be double-walled tanks.

I have reviewed the alteration request and concluded that the environmental effects of the alteration will be insignificant, and, therefore, in accordance with Section 14(2) of The Environment Act your alteration is approved as described in the Notice of Alteration.

If you have any questions regarding this matter, please contact Eshetu Beshada at (204) 945-7023 or Eshetu.Beshada@gov.mb.ca.

Yours sincerely,

Siobhan Burland Ross, M. Eng., P. Eng.
Director
The Environment Act
