

**MANITOBA WATER AND WASTEWATER FACILITY OPERATORS
CERTIFICATION EXAM SCHEDULE – JANUARY 2025 to JUNE 2025**

(Updated: January 8, 2025)

Operators must submit their exam registration form to Manitoba Environment and Climate Change - Certification Program at least two weeks before the exam date.

Exam applications are processed on a first come, first served basis. Please submit your complete exam registration form and payment as soon as possible to secure a seat for your desired session. Afternoon sessions will be offered on days when the morning session is filled.

Application form to register for an exam is available at:

https://www.manitoba.ca/sd/pubs/waste_management/wastewater/exam_registration.pdf

You will not be permitted to write the exam on the scheduled day if you did not register and pay the exam fee.

Operators that failed an exam must wait four months from the last attempt to re-write. After three attempts of an exam at the same category and class, an operator will need to complete training, such as complete a course in an applicable topic for their certification; confirmation of course completion must be submitted together with the exam application.

For information on registering to write Manitoba Operator Certification Exams, please email:

wwopcert@gov.mb.ca

For Red River College Polytechnic review course information, please contact Patricia Oleksiew at 204-632-3017 or poleksiew@rrc.ca

Examinees may write any eligible exam* on any specified date listed

NOTE: Please be informed that the exam location at UCN Thompson will temporarily be unavailable for exam sittings until further notice. We encourage to regularly check the Certification Program website for updates and the latest exam schedule information.
