

# Manitoba Premises Identification Program

## Application Guidelines

*For Livestock and Poultry*

- Print clearly.
- Required information is denoted by an \*.
- This application is only to be completed for livestock and poultry premises (see list of species under section I part 4).
- Complete this application for at least one premises, preferably the primary premises. A primary premises is the legal land location on which the main animal operation is situated.
- If applying for more than one premises, attach an additional application for each premises. On additional applications, complete section I. The information from section II (Contact Information) does not need to be supplied on additional applications unless the contact information differs from the information supplied on the original application.
- If providing information on more than five premises contact a local Manitoba Agriculture Growing Opportunities (GO) office for assistance.

### I. Premises Information

1\* Land Description: A legal land description and/or geo-referenced coordinates must be entered. Enter at least one of the following:

- If entering a legal land description select one quarter, record the section, township, range and select the west or east meridian. If the quarter has been subdivided include the description of the subdivision found on the land title.
- If the legal land description is not a quarter section enter the type, lot and name.
- If geo-referenced coordinates are known, or if the land description does not fit into the above mentioned legal land descriptions, provide geo-referenced coordinates in the form of decimal degrees. A location referenced by the coordinates (ex: "Driveway") must be listed.

2\* Name or Description of Premises: Provide a name or description for the premises (ex: "Home Quarter", "North Pasture", etc.)

3\* Premises Type: Check all descriptions that apply to this premises. If "Other" is selected, specify the premises type.

Definitions of premises types:

- Farm/Stable: Includes all farms, stables, home sites or acreages with livestock, poultry, horses and apiaries. If the farm has pasture on it, the pasture premises type should NOT also be selected.
- Feedlot: An operation that feeds livestock and operates in whole or in part for the purposes of growing or finishing livestock by means other than grazing. The farm/stable premises type should ALSO be selected. If the operation is only cow/calf with retained feeders or backgrounders, the feedlot premises type should NOT be selected.
- Pasture: A stand-alone pasture. If the pasture is also considered as a farm (see definition), the pasture premises type should NOT be selected.
- Assembly Yard: A premises that only assembles loads of animals and licensed as an assembly site.

4\* Species Type: Select all species that may be present at any time during the year at this premises.

If “other birds” is selected indicate all species present, including:

- Ostriches
- Emus
- Rheas
- Farmed Ducks
- Farmed Quails
- Farmed Geese
- Farmed Pheasants
- Guinea Hens
- Pigeons
- Exotic or Show Birds

If “other” is selected indicate all species present, including:

- Donkeys
- Mules
- Llamas
- Vicunas
- Captive Wildlife
- Alpacas
- Farmed Elk
- Farmed Deer
- Aquaculture
- Fur-Producing – Mink
- Fur-Producing – Fox
- Farmed Rabbits
- Wild Boars

For each of the selected species, indicate the maximum number of animals that this location can accommodate.

5 Civic/911 Number: Record the number (up to six digits) on the sign at the end of the driveway at this premises, if present.

## II. Contact Information

1(a)\* Emergency Contact Information: Supply the name and phone information of the person to be contacted in the event of an emergency. This will be the person responsible for the day-to-day operations at this premises. Also supply the

business/farm name and the complete address where correspondence concerning this premises will be received.

1(b)\* Relationship of emergency contact to premises: Select the relationship of the Emergency Contact to this premises. If the relationship does not appear on the list select "Other" and provide the nature of the relationship.

2\* Owner of Land Information: Complete this section if this information is different from the Emergency Contact Information (part 1). Supply the name, phone numbers, mailing address and business/farm name of the owner.

## **Submitting Applications**

Manitoba Premises Identification Applications can be mailed, faxed, emailed or dropped off at a local Manitoba Agriculture GO Office. Submission information can be found at the end of the application form.
